

SUMMARY

Hello there! I'm Reval, an ambitious, enthusiastic, and passionate individual currently pursuing a degree in Electrical Engineering at Andalas University. I have a keen interest in the fields of Programming, UI/UX design, and Telecommunications. I am very open to acquiring and sharing knowledge with my peers, and I thrive on challenges within my areas of interest. I possess the ability to think critically and creatively in problem-solving.

EDUCATION

Undergraduate in Electrical Engineering

Universitas Andalas | 2021 – Present

- Current GPA: 3,54/4.00 (149 credits)
- Relevant Courses : DSP, Optical Fiber Communication System, Wireless Sensor Network, Computer Network, Telecommunication Transmission System

SKILLS

- Language : Indonesia, English
- Python : SciPy, NumPy, SymPy, Matplotlib.pyplot, Pandas, cv2
- C++ : Arduino, OOP, LoRa.h
- Office Tools: Word, Excel, PowerPoint, Gdrive
- Design Tools : Canva, Figma, Inkscape
- Technical Skill : VSCode, Matlab, Proteus, Winbox, Google Earth, Picoscope, Colab
- Softskill : Strategic planning, Critical Thinking, Collaborative Working, Deep Searching and problem Solving

CERTIFICATION

Dicoding Academy

- Fundamental of Data Visualization
- Fundamental of Git and Github
- Fundamental of Python

Creative Station

- Exploration ESP32 for IoT

Cisco Networking Academy

- Networking Basic
- Networking Devices and Initial Configuration

MUHAMMAD REVAL

Padang, West Sumatera, Indonesia | mmumuhammadrefal44@gmail.com |
+6283800743283 | [linkedin.com/in/muhammad-reval-6a27832a9/](https://www.linkedin.com/in/muhammad-reval-6a27832a9/)

WORKING EXPERIENCE

Assistant Coordinator

Telecommunication Laboratory | February 2024 – February -2025

I organize laboratory members, manage practicum sessions, and conduct strategic planning for laboratory agendas. I provide essential support to ensure smooth and efficient operations.

Information and Communication Staff

Telecommunication Laboratory | March 2023 – March 2024

I manage and design the laboratory's social media, creating engaging feeds and content with a focus on creative design to capture interest and enhance online presence.

Regular Assistant

Telecommunication Laboratory | November 2022 – February -2025

I am responsible for maintaining, preparing, and assisting with practicum sessions in Communication Systems, Digital Signal Processing, Computer Networks, and Telecommunication Transmission Systems. My role includes conducting research and designing practicum modules, providing support to participants during sessions, and collaborating with fellow assistants to share and expand knowledge.

ORGANIZATION EXPERIENCE

General Member

Himpunan Mahasiswa Teknik Elektro (HMTE) FT-UNAND | May 2023 – Now

I have developed strong communication skills, effectively engaging with seniors, alumni, and lecturers, and fostering a sense of solidarity through the organization of large-scale events..

Information and Communication Staff

Engineering Research And Development Club | March 2023 – March 2024

Managed the club's social media platforms and handled various media-related tasks and projects.

HONOR & AWARDS

Funded PKM-KC 2024

Funded by Kemendikbudristek

Ophtalspot: A Diagnosis System for Complications in the Eye Fundus Post-Cataract Surgery Based on Ensemble Learning and IoT

Funded PKM-KC 2023

Funded by Kemendikbudristek

D'Kortisol : Stress Detection System Through Saliva with Differential Pulse Voltammetry Method Based on Machine Learning Integrated with IoT.

Funded PKM-RE 2023

Funded by Kemendikbudristek

Mathematical Modeling of Drone Trajectory for Rapid Mapping of Areas using Minimum Bounding Rectangle Algorithm.
